

## **Founder's Partners: Margo & Paul Hooker**

We have such deep regard and respect for what Sister Carol and her team has built over her lifetime of love for the families served at Mercy Center. The impact on their lives is immeasurable. Sister Carol has certainly shown families, youth and especially the students of Sisters Academy “how to fish” as opposed to just “giving them a fish.” It is a gift that will last a lifetime, and we are privileged to support such a mission of love and dedication. Best wishes for a happy, healthy, and peaceful retirement.
